

RESIDENTIAL CONVEYANCING – PURCHASE OF PROPERTY AND REMORTGAGES

Our approach to pricing

What is residential conveyancing?

Residential conveyancing is the legal process of buying and selling residential properties, including leasehold flats, which may also include a mortgage or a remortgage. A comprehensive guide to [buying](#) and [selling](#) residential properties is available by clicking on the relevant word.

What will affect the cost of our work?

No property purchase is exactly the same, and our fees will reflect your particular requirements and circumstances. Factors which may affect overall costs include whether the legal title is defective, whether all or part of the property is unregistered, if planning permission has not been obtained or has been breached or if building regulations have not been obtained.

For example, our fees for the purchase of a listed building in an Area of Outstanding Natural Beauty with a mortgage, a property connected to private drainage (such as a septic tank) or private water supply, or with private/shared access or a property in the course of construction, will be more than dealing with the purchase of an existing property connected to mains services on an adopted road. We also take factors such as time constraints for the matter into consideration.

These factors mean that we cannot give you a reliable estimate of our fees until we have all of the details of the transaction itself.

What are our typical fees?

We will always give you an individual cost estimate at the start of the transaction, taking into account the specific features of your instruction or 'matter'.

Properties under £500,000

Our fees for dealing with the purchase of a freehold property would start at £1,750 (£2,100 including VAT) and £2,250 (£2,700 including VAT) for leasehold properties. However, our fees for the purchase of a property which has added complexities (for example a listed building with a mortgage) could be £5,000 (£6,000 including VAT) or more.

Properties which are £500,000 or more

For properties with a value of £500,000 or more, our fees start at 0.25% of the value of the property (whether freehold or leasehold), however where there are added complexities (for example a listed building with a mortgage) our fees could be 0.5% of the purchase price or more.

Remortgages

Our fees for dealing with a remortgage start at £600 (£720 including VAT), and will depend on the requirements of your lender as each lender has different requirements which affect the work which we have to do.

However, all of these figures may vary in cases with exceptional circumstances. This is why we will always give you an individual cost estimate at the start of the transaction, taking into account the specific features of your instruction or 'matter'. If we identify unexpected complications, we will always inform you as soon as we can, and will discuss the potential consequences with you before any extra charges are incurred.

What is the basis of our charges?

The costs quoted here are based on our standard hourly rates for those individuals who work on these types of matters. Michelmores' standard hourly rates range from £115 to £695 (£138 to £834 including VAT) with different types and complexities of work being dealt with at different rates and levels of seniority. The rates for those working on your matter, and an indication of timescale and costs, will be confirmed if you decide to instruct us.

In addition to our fees for our time spent dealing with the matter, there may be additional costs that you have to pay, these are called disbursements. Disbursements are sums of money which we would pay out to third parties on your behalf in connection with your instruction. More details about disbursements are set out below.

VAT will also be charged on our fees and usually on disbursements.

In every case we will be able to give you details of the costs which would be incurred for your matter, and which individuals would work on your matter, if you decide to instruct us.

Example fee - a simple property purchase

A typical simple property purchase would involve the following actions and timescales:

ACTION	LIKELY TIMESCALE
Raising enquiries on your behalf in relation to the property	Approximately 1-2 weeks
Investigating the property's title, applying for searches in relation to the property and reporting to you	Approximately 2-3 weeks
Preparing and negotiating the terms of the property purchase contract and the other transfer documents	Approximately 2-4 weeks
Dealing with exchange of contracts	Approximately 2-4 weeks
Dealing with legal completion	Approximately 1-2 weeks after exchange
Dealing with the payment of Stamp Duty Land Tax	As soon as possible after completion and required to be within 30 days of completion. From March 2019, the payment must be submitted within 14 days of completion.
Applying to HM Land Registry to register you as the new owner of the property	Approximately 2-4 weeks for a simple transaction, but could be up to 6 months for a more complex transaction

Our fees for a simple property purchase as outlined above would be usually £1,750 (£2,100 including VAT).

This is an indicative estimated cost based on the following assumptions:

- There is no mortgage or Help to Buy ISA involved
- There is one freehold property with a single registered (as opposed to an unregistered) title
- There are no restrictions on the title
- There are no problems or complications with the property or the title to the property which arise after we do our investigations
- There is a single individual purchaser
- The property is being purchased for £450,000.00
- No declaration of trust is required (for two purchasers purchasing as tenants in common)
- The instruction proceeds to the timescales given in the above example.

If the property was a leasehold (as opposed to a freehold) property, but otherwise the same as set out above, our fees would be usually £2,250 (£2,700 including VAT).

If you are taking out a mortgage on the property with a high street lender, without any unusual requirements on the part of the lender, then our legal fees would not increase, but the lender may charge a fee for legal work which can be in the region of £50 to £250 (£60 to £300 including VAT).

There may be additional costs that you have to pay, which are disbursements. Examples include search fees, Land Registry fees, payments to a landlord/management company and/or Stamp Duty Land Tax. VAT will also be charged on our fees and usually on disbursements.

What other costs may be incurred?

Our fees do not include any external costs and charges that we may incur as part of the purchase (e.g. search fees, Land Registry fees, money transfer fees, Stamp Duty Land Tax, payments to the landlord/management company (if the property is leasehold), travel expenses). These are disbursements.

There will be a number of additional costs that will need to be paid as part of the process, these come under the category of disbursements mentioned above and examples of these are set out below:

DISBURSEMENT	COST (EXCLUDING VAT)	COST (INCLUDING VAT, IF ANY)
Anticipated Searches	£200.00	£240.00
Land Charges Search Fee	£4.00	£4.80
Land Registry Priority Search Fee	£3.00	£3.60
Telegraphic Transfer Fee	£25.00	£30.00
Land Registry Registration Fees	Other costs may include Land Registry application fees which depend on the value of the property and are available HERE	
Stamp Duty Land Tax	Stamp Duty Land Tax is payable on purchases. The calculation depends on a number of circumstances. Guidance is available HERE	
Anti-Money Laundering Checks (per individual)	£12.00	£14.40
Anti-Money Laundering Checks (per company)	£30.00	£36.00
Printing/Copying (per A4 page)	£0.09 (B&W) £0.49 (Colour)	£0.11 (B&W) £0.59 (Colour)

If we are required to travel to meetings outside of our offices, we may charge you for the time it takes us to travel to these meetings, and the cost of any other expenses we incur as part of this, for example mileage charges (at £0.45 per mile, £0.54 per mile including VAT), or train or aeroplane tickets.

You will be responsible for these items and we will notify you should these costs be incurred.

Is VAT payable?

VAT is charged at the prevailing rate (which is currently 20%) on all our fees, and many of the disbursements which we may incur on your behalf.
